

TIME CAPSULE PLANTED IN ROGERSON'S WOOD IN THE YEAR 2001

This time capsule was buried on Saturday 11th August 2001, to commemorate the year of the Millennium in the parish of Denton near the benches installed at the centre of the wood.

The capsule contains a miscellany of information about the village and its life in the year 2000.

We hope that it will not be disturbed for at least 100 years and that those who finally open it may find it interesting to know about life in the year 2000.

The benches were made in the village by Roger Dove, with the turning work by Stephen Broadley, and the local oak was donated by Tim Barber.

The benches were fixed in position and the capsule buried by a team comprising: Terry Hanner, Anne Carden, Peter Grant, Denise Grant, Matthew Squirrell, Lucy Hanner and Alan Squirrell.

The capsule was made especially for us by Taylor's Engineering, Nethergate Street, Bungay.
